

BULLETIN

TO: ALL LOCALS WITH BELL ALIANT CRAFT AND SERVICES MEMBERS

It has come to the Union's attention that members are being asked to volunteer for overtime outside of the areas covered by their Collective Agreements.

Until bargaining is completed we continue to have two separate bargaining units with different sets of working conditions.

We expect the Company to respect the terms of these Collective Agreements and we ask you to do the same. At this point there has been no agreement between the parties that would allow for transfers between headquarters or bargaining units.

If you have any questions or concerns please contact your Locals for further information.

In Solidarity,

Maureen Dawson
