## UNIFOR – Service de l'éducation

Local union education committees and leadership are requested to promote this course as much as possible and to encourage leadership participation at all levels. There are no registration fees for any of our courses. One day courses are mostly run outside of working time with an expectation that members will attend on their own time. A strong union is built through rank-and-file activism. Our one day courses support building that activism.

Please advise your members who have registered that our arrangements for meals, materials, instructors, etc., are based on their attendance. **If any member has to cancel they should contact the local directly, who in turn should contact our office with that information as soon as possible.**

I have enclosed a colourful education poster to advertise each course in the workplace. These are sent to you by email..

Please let me know if you have any other questions.

In solidarity,

### **Planning for your Future/Pre-Retirement Course (1-day)**

Retirement is something that we are all going to face. It's better to start sooner, rather than later. The Unifor Planning for your Future/Pre-Retirement course covers all the topics you need to think about to prepare for the next phase of your life. A Service Canada representative provides an interactive presentation on the Canada Pension Plan and Old Age Security. A local area lawyer will discuss legal planning and representatives from a Local Credit Union will offer basic financial information to assist with your retirement plan.

Spouses and partners are invited and encouraged to attend.
