## **Reduced Hours Notice**

### **To all BTS technicians in Local 40-0**

As we are into another round of reduced hours in our local's territories, we were not originally offered the choice of 9 eight hour shifts or 8 nine hour shifts in that reduced pay period. Then as of last Thursday or Friday they sent out choice notifications but proceeded to cancel the offer 15 minutes later. Our local is filing a policy grievance on this and anyone in reduced hours can book time with a steward to file an individual grievance to park behind it. The stewards will all be receiving a template grievance to match the language of the policy one.

Christian Metzner BTS Chief Steward

Colin Leitch BTS Vice President
